Microsoft	8.5
Dell	8.5

No. 1 Shipments
In Gaming Laptop
Market by Digitimes

"Micro-Star International (MSI) shipped a total of 1.2 million gaming notebooks in 2018, fending off the competitions from Asustek Computer with devices from its gaming sub-brands to become the largest supplier in the gaming notebook market in terms of shipments and profitability." - **DIGITIMES**

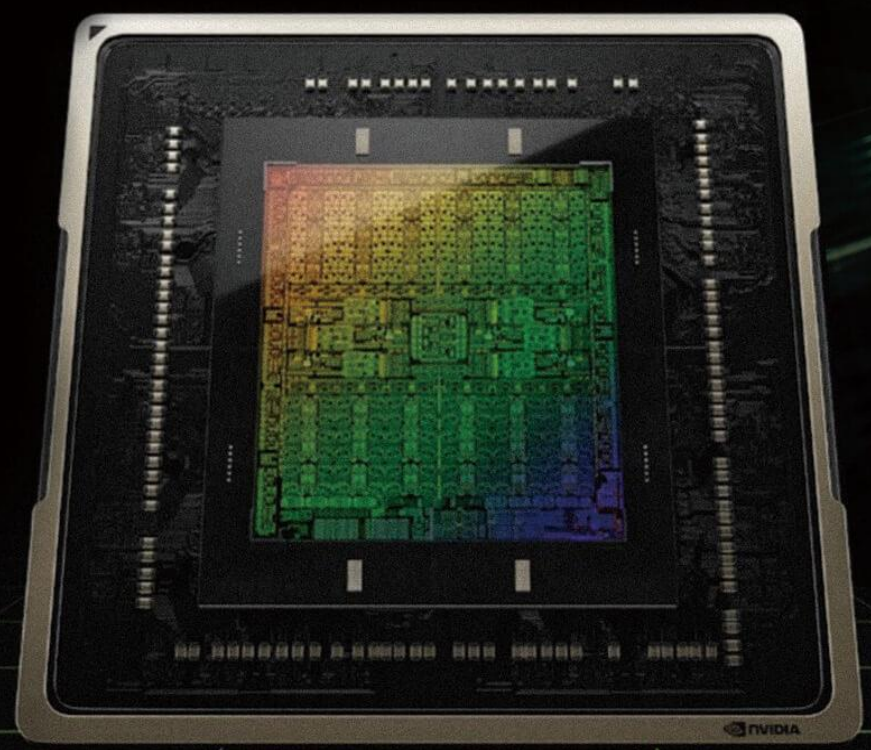

LAPTOP
part of tom'sGUIDE
TOP 5 BEST LAPTOP

"MSI laptops offer some of the best displays in the business. The company also delivers top audio quality, and scored very well in our reviews category. If you're into gaming, this is one brand to watch." - **LAPTOP Magazine.**

GEFORCE RTX 40 SERIES LAPTOPS BEYOND FAST

NVIDIA® GeForce RTX™ 40 Series Laptop GPUs power the world's fastest laptops for gamers and creators. Built with the ultra-efficient NVIDIA Ada Lovelace architecture, they bring a quantum leap in performance with AI-powered DLSS 3 and enable lifelike virtual worlds with full ray tracing. Plus, the Max-Q suite of technologies optimizes system performance, power, battery life, and acoustics for peak efficiency.

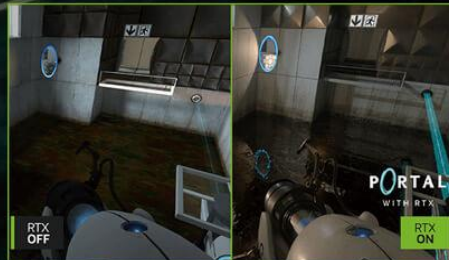

BEYOND FAST FOR GAMERS AND CREATORS

AI-POWERED PERFORMANCE AND LIFELIKE GRAPHICS*

Get a quantum leap in performance in games and creative apps with AI-powered **DLSS 3** and enable lifelike virtual worlds with **full ray tracing**.

RAY TRACING HYPERREALISTIC. HYPERFAST.

The Ada architecture unleashes the full glory of ray tracing, which simulates how light behaves in the real world. With the power of RTX 40 Series and third-gen RT Cores, you can experience incredibly detailed virtual worlds like never before.

OPTIMIZED POWER AND PERFORMANCE

NVIDIA Max-Q is an advanced suite of AI-powered technologies that optimize your system for peak efficiency. This enables blazing-fast laptops that are thin, quiet, and have amazing battery life.

* Available on different products. For more information please check product pages and configurations.

Contrast Ratio

MINI LED 4K 144HZ DISPLAY

With ultra-high resolution, the Mini LED 4K display takes realism and details to the next level. The AmLED ACR (Ambient Contrast Ratio) ensures that image colors remain bright, vivid, clear, and saturated even when used next to windows or even under direct sunlight. The highest level of DisplayHDR 1000 provides more visibility in color gamut. And on top of all that, a 144Hz refresh rate for faster response time in game. *This specification may vary by model.

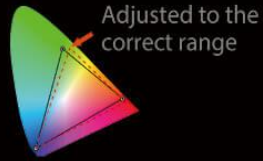

TRUE COLOR THE NEXT-TO-PERFECT COLOR PRESENTATION

MSI True Color Technology sets a new standard in developing a level of accuracy for display technology. Each display undergoes thorough examinations and extensive factory-calibration process, guaranteeing exceptional color fidelity of close to 100% sRGB.

*This specification may vary by model.

AMG
MOTORSPORT

Official Partner

We, at MSI laptops, pursue the best performance through advanced cooling technology, while Mercedes-AMG is renowned for its high-performance engine, which is hand-assembled and signed by the engineer in charge, a process famously known as 'One Man, One Engine.' Similarly, MSI's emphasis on self-manufacturing laptops is also a commitment to quality. Both MSI and Mercedes-AMG share a pursuit of the best performance and a reverence for craftsmanship, reflected in our products.
